

The 30th annual meeting of the Thai Society for Biotechnology and International Conference

November 22-23, 2018

Ambassador Hotel, Bangkok, Thailand

Bridging research and society needs

Professor Eric Gohet

Director, Performance of Tree Crop-Based Systems Research Unit, CIRAD, France
"Bridging Research and Society's Needs in Agriculture -Application to the Rubber Tree"

Professor Pavinee Chinachoti

President, Food Science and Technology Association of Thailand (FoSTAT)
"Food innovation and safety for consumer of tomorrow"

Dr. Robins P. McIntosh Jr.

Senior Vice President, Charoen Pokphand Foods PCL
"The impact on the Thai shrimp industry today and in the future"

Professor Alain Durand

University of Lorraine, France
"Enzymatic catalysis at interfaces: A fantastic opportunity for the preparation of colloidal dispersions"

For more information...

www.tsb2018.com

Professor Itaru Hamachi

Kyoto University, Japan
"Chemical labeling of membrane-proteins for imaging and drug screening"

Professor Shau-Wei Tsai

Chang-Gung University, Taiwan
"Improvements of product purity and yield in two-step enzymatic desymmetrization processes"

Registration

tsb2018registration@gmail.com

Abstract/Full paper submission

tsb2018academic@gmail.com

Follow us on our Facebook page:

@TSB18

Professor Ko Kato

Nara Institute of Science and Technology, Japan
"Transgene expression system in plants optimizing translation process using informatics"

Professor Marc Stadler

Helmholtz Centre for Infection Research, Germany
"New biologically active secondary metabolites from tropical *Basidiomycota*"

IMPORTANT DATE

Open for registration & submission 1 May 2018

Deadline for early bird registration 15 Jul 2018

Deadline for abstract/full paper submission 15 Aug 2018

AEB Agricultural & Environmental Biotechnology

MBB Molecular Biology and Bioinformatics

MMR Microbiology and Microbiome Research

FBS Food Biotechnology and Food Safety

BSC Biomarkers and Stem Cell Therapeutics

BBE Biotransformation & Bioprocess Engineering

TJ Thailand – Japan Joint Seminar

CSB Chemical and Synthetic Biology

TT Thailand – Taiwan Joint Seminar

BMB Biopharmaceuticals & Medical Biotechnology

POP Partnership opportunities
