Dr. Thawatchai Chaijarasphong
Program Secretary

Aj. Aueng
Asst. Prof.
Dr. Bungonsiri Intra
Program Secretary

2 RESEARCH FRONTIERS

Meet our faculty and explore cutting-edge
biotechnology research.

Aj. Hize
Dr. Thapakorn Jaroentomeechai
Therapeutic Glycoprotein Engineer/
Synthetic Biologist

Aj. Tum
Dr. Komsit Wisitrassameewong
Taxonomist/
Fungi Biotechnologist

Aj. Kwang
Asst. Prof.
Dr. Teerarat Likitwattanasade
Plant Protein Scientist/
Food Biotechnologist

Aj. Win
Asst. Prof.
Dr. Sutthichai Boonprasop
Carbon Capture, Utilization, and Storage
Bioprocess Development Scientist

3 STUDENT PERSPECTIVES

Hear from our current graduate students
and their research journeys.

P'Jong
Protective Effects of Thiamine Against
Oxidative Stress and Mitochondrial
Dysfunction

P'Ken
CRISPR-Based Gene Regulation and
Evolutionary Engineering in Yeast

P'Ball
Applies Multi-Omics and Engineering
to Enhance Natural Product Production

P'Tonkaow
Yeast-Based Production of HPV L1
Virus-Like Particles

P'Yoss
Indigo Naturalis: From Dye to Medicine
