The 11th Review Meeting of the ASEAN International Mobility for Student (AIMS) Program 1-3 November 2017, Bali, Indonesia

- Brunei Darussalam
- Indonesia
- Malaysia
- Philippines
- Thailand
- Vietnam
- Singapore
- Japan
- South Korea
- Timor-Leste

มหาวิทยาลัยมหิดล นิวยอร์กผ่านออนไลน์

AIMS Programme: Growth and development

- 8th year
- 68+ universities
- 3209 students
- 8+ countries
- 10 fields of study

Parallel Sessions

- Session 1 = Formation of University Consortia
- Session 2 = International Relations Office (IRO) Workshop and Networking

Session 1: Formation of university consortia

- Discuss current status of collaboration in field of study
- Identify and highlight good practices/example of collaboration in study field
- Propose organizational structure
- Next steps 2018-2023
- Some fields voted to merge with closely related fields

Session 1: Formation of university consortia

- Establishing a mechanism for multilateral mobility of students and teaching staff
- Enhancing mobility within field of study
- Deepening knowledge of field
- Potential for collaborative research
- Developing more areas of expertise across multiple institutions
- Solving common issues and problems
- Sharing best practices
- Building collective strength

- Top challenges to implementation of AIMS:
 1. Visa facilitation – 62%
 2. Student awareness of the AIMS Programme – 52%
 3. Recruitment of students for intra-ASEAN mobility – 48%
 4. Academic staff awareness of the AIMS Programme – 41%
 5. Communication between home and host universities – 38%
 6. Insufficient information from partner universities for course related issued – 38 %
 7. Accommodation – 28%

Common themes

- Visas
- Funding
- Awareness
- Information
- Communication
- Living conditions
- Support
- Structure of exchange
- Shared goals

- For higher education institutions
 - Get AIMS on university agenda
 - Promote programme at university wide
 - Encourage internationalization of students
 - Prepare and make complete information
 - Better course matching
 - Build stronger relationship
 - Develop social media platform
 - Promote awareness of AIMS
 - Increase staff in IRO

- For government/education ministries
 - Increase scholarships
 - Expand programme
 - Promote accreditation/ quality assessment /quality control
 - Increase government scholarships
 - Promote industrial internships
 - Cooperate with local authorities
 - Dialogue with appropriate branches of government
 - Encourage students
 - Encourage governments

- For SEAMEO-RIHED
 - Build its capacity as information center
 - Develop integrated database, upgrade website
 - Continue to promote AIMS on regional agenda
 - Continue to brand AIMS through social media, not only just information but also stories on student's experiences, disseminate benefits of programme
 - Develop a template of information needed for AIMS university members to provide consistent complete programme information
