

International B.Sc. Programme in **ACTUARIAL SCIENCE**

We are a 3.5 year **international** programme
with a **double-degree** from
Mahidol University and **Curtin** University, Australia.

Our graduates manage risk, investments and financial security.
They are in high demand in the industry and earn competitive salaries.
The future for actuaries is constantly evolving as advances
in artificial intelligence (AI), the Internet of Things (IoT), and
industrial automation accelerate. These technologies will create new
opportunities for actuaries as true business strategists.

Our Actuarial Science Programme is accredited by
the **Institute and Faculty of Actuaries (IFoA)** on a subject-by-subject basis.
Students with sufficient academic performance can waive at most 4 IFoA examinations
which are CS1 Actuarial Statistics, CM1 Actuarial Mathematics,
CB1 Business Finance, and CB2 Business Economy.

Students with sufficient academic performance in the programme may receive an exemption from VEE
Mathematics Statistics, VEE Accounting and Finance from the **Society of Actuaries (SOA)**.

Scholarships are available to eligible students.

6th Dec 2022 - 6th Jan 2023
